

Our Halloween

SU_DELCASTILLO 30 DE OCTUBRE DE 2017 19:51

Halloween in school

The 31st of October was Halloween, in the morning all we put in costumes. Then the teacher divided us in groups what we were going to do. She said us that when we finish the craft of Halloween we need to use "fernandines" to eat the craft (that it was food).

We started to do the craft

When the teacher finished to explain the groups, she said that each of us would go with a boy of second grade and a child. In the playground there was a lot of food. It was great, and we ate our meal in the playground. When we finished it, we went to the tunnel of doom. Finally we saw Casper movie , definitely I love my Halloween day in my school.
